

TRI-STATE CCS HUB

BUCKEYE • REDBUD • OAK GROVE

Tenaska, a leading energy company based in Omaha, Nebraska, is set to make a significant impact on the economies of Ohio, Pennsylvania, and West Virginia through the development of Carbon Capture and Storage (CCS) facilities in the Appalachian Basin. Known as the Tri-State CCS Hub, the project is anticipated to develop, construct and operate 22 CCS well sites across six counties, providing economic benefit across the tri-state region.

The Tri-State CCS Hub will be a catalyst for economic growth in the region, generating substantial benefits during both the construction and operational phases.
